

Today I went on a school trip
in a submarine under the sea, I
knew that we would see a mermaid!
I was very excited because I
never been in a submarine before.

We got changed into our scuba-
diving equipment and went to
explore the sea.

Under the sea I saw a cave and I
went inside on my own. I swam past
a cat, a sloth hanging from an under
sea tree dressed as a bee and a full farm
yard playing cards.

In the cave I saw a mermaid I touched
the special necklaces and I became a
mermaid! Greeny tucked me too mer-
and she ordered me a mer-meal and we
played hide-and-seek in the coral-reef.
We had jelly cream and squid-cake.

Greeny turned me back to a person
but let me keep the special-necklace
so long as I kept it all a secret.

I went back to the submarine and
never said a word.
