

# THE WACKY ADVENTURES OF DANIEL

Wake up Daniel! I thought it was a Saturday. I dressed, you must be you anyway? Get dressed later! Now hurry up! Fine!

## At School...

"Good morning, class!" said the teacher. "Today, we will be going on a school trip around the county!" (Everyone starts shouting and cheering.) "Sit down at once! And stop shouting so well!" said the teacher. "Right, the bus should arrive any minute now... any minute."

## When the bus arrives... Final

"Come along now children!" ordered their teacher. "Hey you! Why do you keep copying what I say? I'm telling the story of a... What? Did you just say you'd tell me NOTHING? I guess it doesn't matter then."

(Please continue onto the next colored and exciting: PAGE 2)

**PART TWO** of the epic  
story

"A night children, we are at our first destination for today. You would see today... **WHAT IS THAT?!**"

I thought a child like a giant gingerbread cloud made of candy. I look and there are other children. **WHY IS IT THE SKY RAINBOW?!**

Then suddenly, the bus had a shot... I think of... **fed!** "M... but don't smell!"

"THAT IS ENOUGH!"  
I shouted the teacher "I don't know  
what we are, but there must be  
a way out!" I hope so... OR I'll  
miss my appointment!

After going through coco-  
tunnels and over gummy hills  
someone said...

"Look! There's a tea party  
along down the road!"

"Hey, look! A go giant gummy dot, it will bounce us  
back where we came from!" "Awww... At least  
we won't be able to smell John's feet!" "My  
feet DONOT smell!" (\*Boing!\*) They bounced so  
far, they must be home! Right?

Part TREE of Dan & Wack on a dark adventure  
-res. lol!

"AAAAH!" screamed everyone inside the bus that  
became a boat. ~~the bus was a rocket~~ they were  
heading to space... "Why do we have  
spacesuits on?" someone asked on the bus that  
became a rocket. "Because... We're in space!" the  
people started to scream again. "Okay this is getting  
ridiculous!" said the teacher "Hey! We get off the bus  
said to Billy" Now is not the time for jokes, Billy

(the pen ran out, I couldn't find it again)

Then the Rocket seemed to... Fall! "AAA H!"  
Is that the 3rd time or 4th time they're screaming? Jeep.  
They're now falling at 120 MPH! But then they seemed  
to TRANSFORM! (X) TRANSFORMERS! ROBOTS IN  
DUI GIGI! AUTOBOT ROLL OUT! Now it was a bus again.  
"Everyone hop off!" said the bus driver, who didn't see  
ANY of that!

When everyone gets off of the bus...

"That was not like the other school trips!" someone joked!  
"Definitely!" ~~to~~ agreed someone else.  
"I think it's time to go home Daniel, don't you?"  
"Um... yeah!" Ask ~~your~~ your teacher then "Miss, can  
we go yet?"  
"I know only 3:14 P.M. Daniel"  
"Nooooo!"

Well, not ALL stories end well, do they now?
