Dear Pupils, Parents, Carers, Staff and Governors

Welcome back! It has been a very positive first day for the pupils and we have been pleased to welcome them back to school. They have quickly settled back into school life and seemed very excited to be back in their new classes and getting stuck into their work.

During our assembly, we talked about the importance of practising new skills to improve. At the start of a new school year, the children will learn lots of new skills that will take the whole year to master. To become confident with a new skill/concept takes lots and lots of practise! I demonstrated this during the assembly using a body percussion activity- the children have been asked to practise the rhythm to see how quickly they can do it.

I am in the process of creating a school calendar which I will share with you shortly. We are planning to run a full programme of events and performances over the coming year. When the calendar is ready, please make sure that you add these dates to your diary.

I will write again soon to share more news and to give you further details of our school development priorities for the coming year.

Kindest regards

Mr Horton
Head Teacher
